

Team:

- Tamas Szasz
- Cosmina Sas
- Carmina Dinulescu
- Andreea Muntean

Project: Stock broker

Status:

- Most of the functionality is implemented:
 - Architecture defined
 - Bigger concurrency problems solved
 - Application logic
- Currently in work:
 - Finalizing client behaviour
 - Finetuning logic for transactions
 - Bugfixes and minor concurrency problems
 - Simulation setup for easier control
 - Some logging for visualising operations
